CELEBRATING GROWTH. A YEAR OF MILESTONES WITH BOWLTECH

As we gather here once again, we're thrilled to share a portfolio that's even more impressive than last year's. 2024 has been another fantastic year of growth, and much of that success is thanks to you—our loyal customers and trusted partners. The Bowltech Group truly values each and every one of you, and we can't thank you enough for your continued trust and support. We're also excited to welcome new clients, as we embark on this journey together and build long-lasting, reliable relationships for the future.

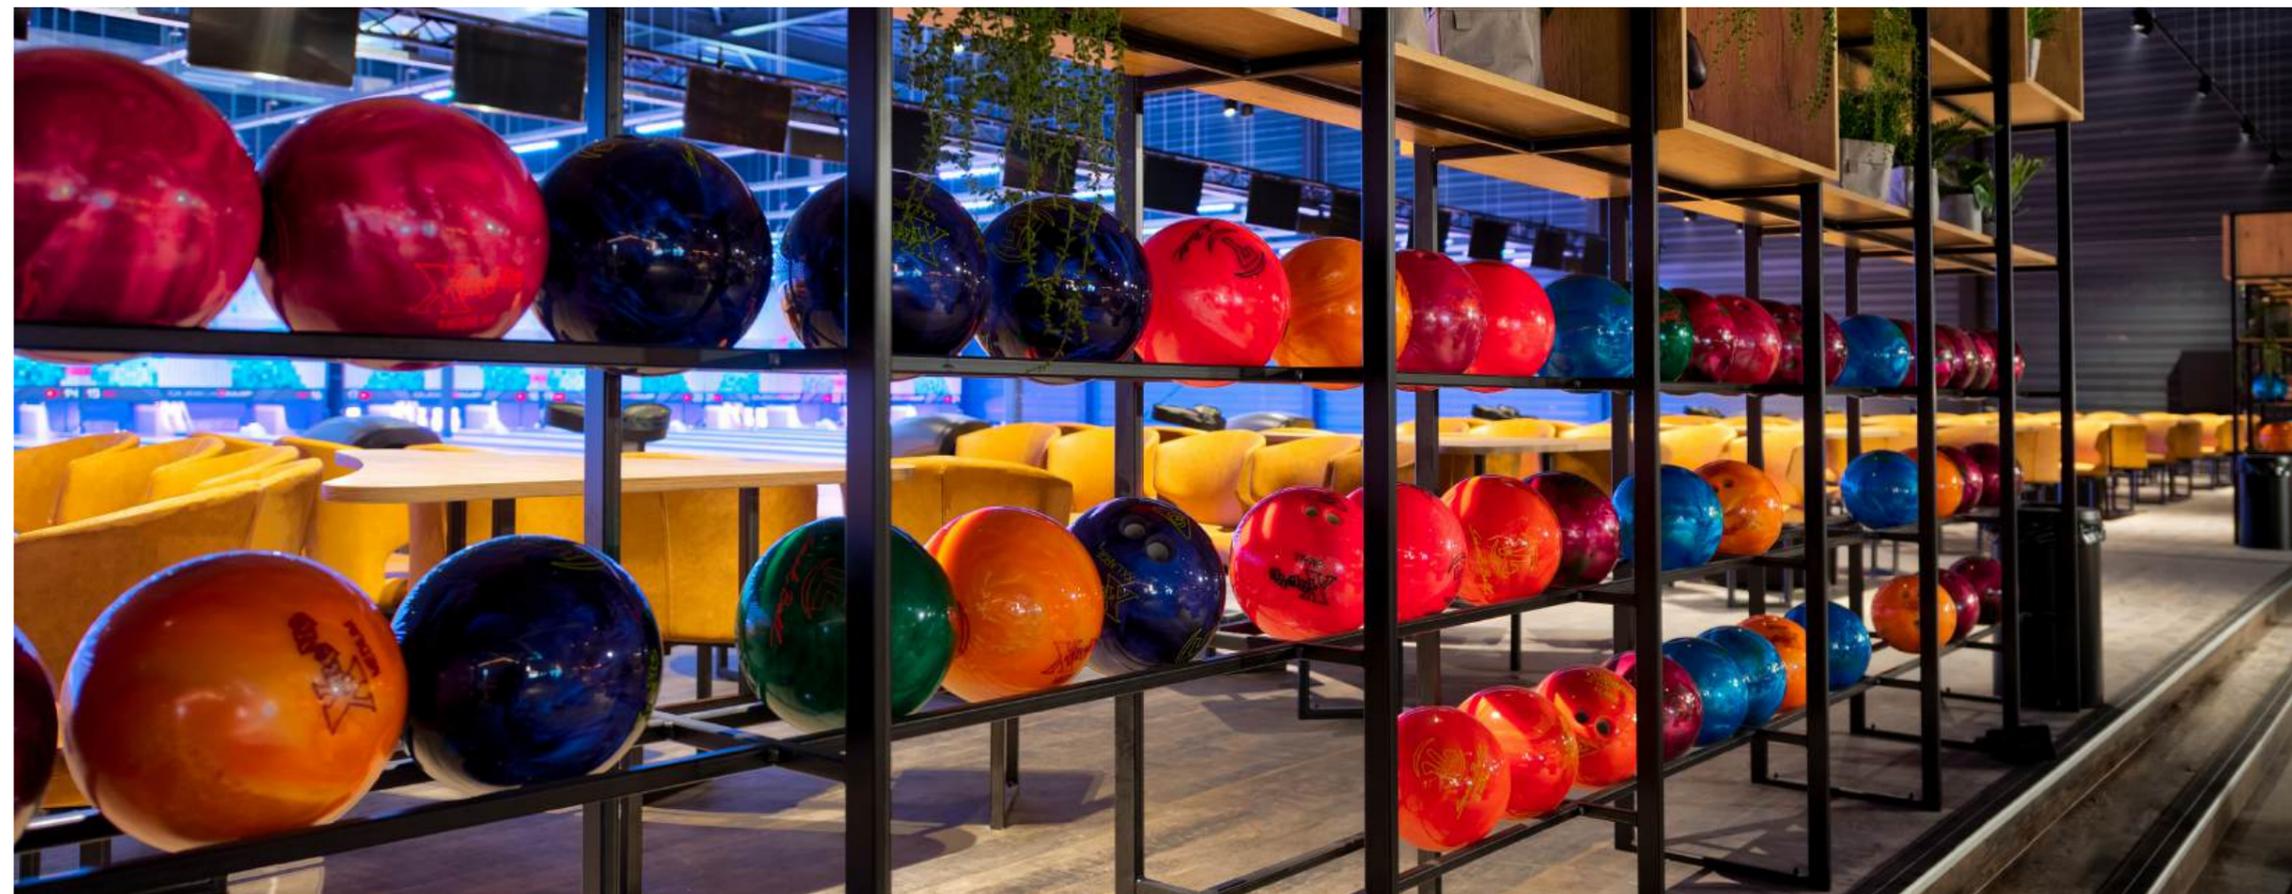

In this brochure, you'll discover the range of installations we completed throughout 2024. Organized into sections for New Centers and Modernization projects, it showcases not only what we've accomplished but also offers fresh ideas for those planning their own upgrades. We're incredibly grateful for your enthusiasm and dedication to

keep the bowling industry dynamic and forward-thinking.

As we turn the page toward 2025, we're eager to continue strengthening our partnerships and seizing new opportunities in the year ahead. Thank you for placing your trust in us and for helping make these achievements possible. We're excited about what the future holds, and we look forward to working together to ensure a bright and successful future for bowling.

Here's to many more years of growth and shared achievements—ONWARDS and UPWARDS!

Hans Krol
Founder and CEO, Bowltech Group

A YEAR OF NEW CENTERS AND MODERNISATIONS

Throughout the year, we have had the pleasure of delivering numerous projects. From **192 lanes** of new center projects to **600 lanes** with modernisations. Contained within this brochure, you can see what we have accomplished in a year.

A project, whether it is a new centre or a modernisation, involves a lot of equipment. To give you an idea of the overall picture, this spread shows the figures for equipment we have installed throughout Europe. From ball returns to kilometres of bowling lanes, something we at Bowltech look back on with lots of pride. We are grateful to have been able to do this together with you.

These are figures that we use to keep the bowling world alive. Bowling is our world!

WE KEEP EUROPE BOWLING!

Bowltech is the driving force behind the bowling industry across Europe. With years of experience and an extensive network, Bowltech provides high-quality products, technology, and services to maintain and grow the sport of bowling throughout Europe. From modern bowling centers to exclusive private projects, we ensure that every lane meets the highest standards. Thanks to our innovative solutions and commitment to quality, Bowltech remains the trusted partner for anyone looking to elevate the bowling experience. With passion and expertise, we keep the spirit of bowling alive, from Scandinavia to Southern Europe.

TOP SECRET

TOP SECRET BOWLING: YOUR PERSONAL, CUSTOM-MADE EXPERIENCE

At Bowltech, we don't just work on the most impressive commercial bowling centers, but also on private projects that often remain invisible to the outside world. Private Bowling is a special aspect of our work, a project line that isn't shared often but represents a beautiful, ongoing process behind the scenes.

Why could a private bowling project be something for you? Imagine an exclusive bowling experience, completely tailored to your needs, in the intimate setting of your own home, vacation property, or business location. It brings relaxation and entertainment together in a unique way, perfectly customized to your desires and style. Whether it's a full bowling alley in your basement or a high-end installation for private use, we discreetly turn dreams into reality.

Although we are often unable to share these projects due to their exclusivity, we want to highlight how special and innovative Top Secret Bowling can be. We remain in the background on this subject, but the result is always a spectacular piece of bespoke work that exceeds expectations.

PRIVATE BOWLING IN A 48-STOREY RESIDENTIAL TOWER

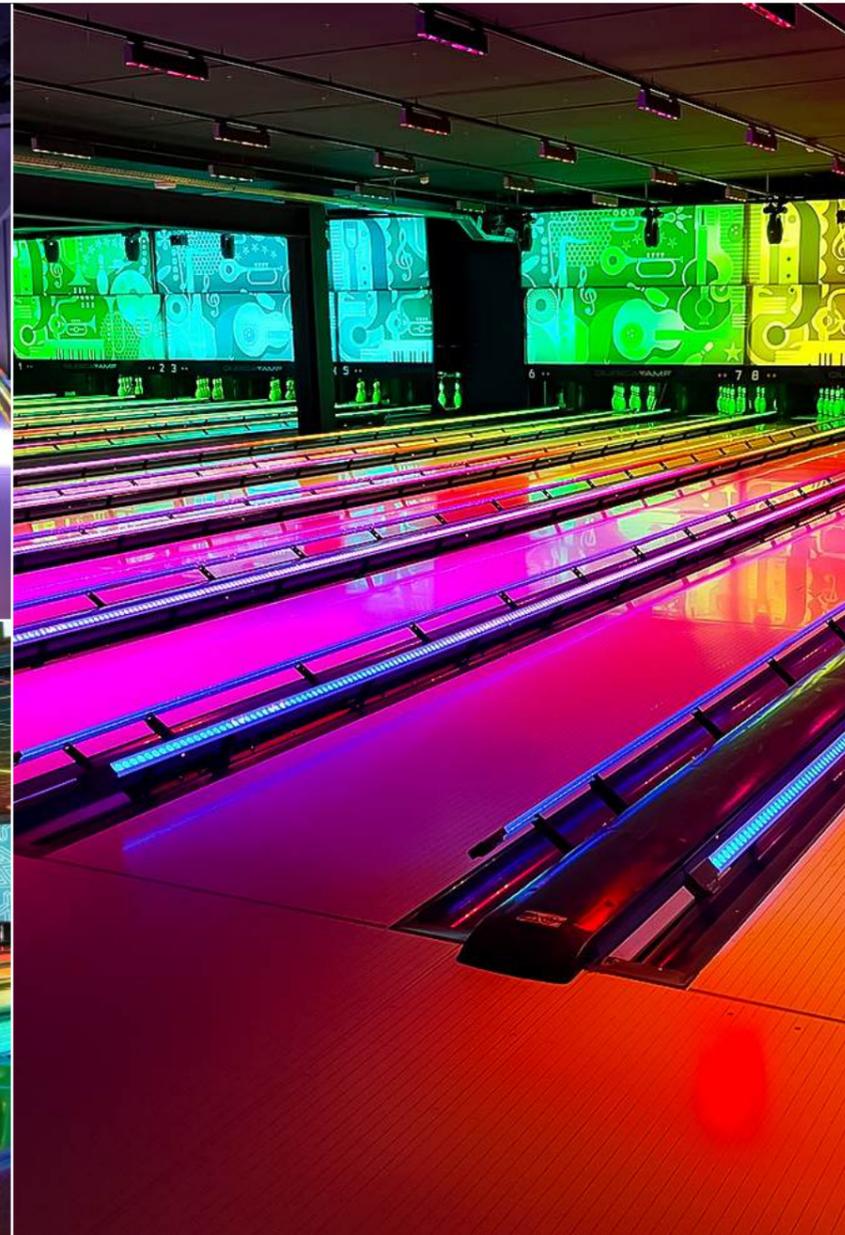

A single Duckpin lane on the 2nd floor of a brand new 48-storey residential tower in London. At Bowltech, we specialize in bringing the luxury of private bowling to your home or apartment. Whether you desire a personal bowling lane in your residence or a unique addition to your high-end property, we have the expertise to make it happen. From design to installation, Bowltech is your trusted partner for creating a premium, private bowling experience.

THE NOMINATED BCM AWARDS CENTERS

Each year, BCM announces its winning centers. Although the nominations are for the year 2023, BCM makes the official announcements the following year. Among many nominees, these six centers were shortlisted for a BCM award.

The BCM Award (Bowling Center Architecture and Design Awards) recognizes excellence through out the world in the bowling industry. These international awards are presented annually in various categories to encourage the construction and modernization of bowling facilities worldwide.

Bowltech is incredibly proud of the bowling centers we have built that were nominated for prestigious awards. These nominations are a wonderful recognition of the hard work, dedication, and collaboration with our clients.

Together, we are shaping the future of bowling!
