THE PILLARS OF PROMINENT HOSPITALITY INTERIORS

Premium Quality

Offering premium quality on all fronts is of paramount importance to Satelliet. Their people, products and services are carefully crafted to meet the high standards and expectations of entrepreneurs and their guests in the hospitality sector. Satelliet is dedicated to delivering excellence, ensuring that every experience reflects a strong commitment to quality.

Full Service

With Satelliet you are completely covered. From the first moment until well after your project has been completed, Satelliet advises and supports you. This includes assistance with moving in, removing and recycling packaging, as well as providing the annual MOT which is a longevity-extending service for your furniture.

Tailor Made

Every project is unique. Proper implementation of a concept into reality requires a wide range and flexibility. Model, material and colour must fit and feel like a made-to-measure suit, fully tailored to your wishes. Satelliet ensures that every detail is customized to perfection, turning your vision into a reality that reflects your individual style and needs.

Sustainability

Sustainability is Satelliet's top priority and their ambitions are well known. They strive wholeheartedly, confidently and unwaveringly to become the most sustainable hospitality supplier in Europe by the year 2030

- ✓ Furniture that upgrades your bowling centre's comfort and functionality

ZERO55 - Apeldoorn

THE POWER OF COLLABORATION IN SUSTAINABILITY EFFORTS

Sustainability is much more than recycling and giving new value to used materials; it's also about placing greater value on collaborations. When striving together for sustainability, it fosters beautiful partnerships and initiatives in both human and material aspects. From development to production, delivery to maintenance and with all of the processes and people involved, these all contribute to sustainability. Bowltech, together with Satelliet are deeply rooted in community and acknowledge the responsibility for a sustainable future for the bowling industry.

THE IDEA BEHIND **DECO**

The idea for Deco grew out of the previous sustainable models developed by Satelliet. The back and seat of Deco are made of recycled plastic and consist of 'post consumer waste'. The frame of the chair is made of recycled aluminium. First, the old aluminium is collected and remelted. This renewed material is then used to extrude tubes. A frame is then welded and coloured by powder coating. The chair is suspended and during the electrostatic process, the powdered colour coating is sprayed onto the frame. In the oven, the powder liquefies before hardening into a strong, beautiful layer on the aluminium frame.

The plastics are sorted by colour and then remelted, creating the distinctive base colour with cheerful speckles. The shapes of the seat and back are made in a mould. Once these are ready, they are mounted on the frame. The Deco series is available in different colours: Ocean Blue, Forest Green, Desert Yellow, Galaxy Black and Ivory Neutral. Those who dare to opt for a colourful, cheerful, cool interior will be delighted with Deco.

LAVO SERIES

The Lavo sofa is designed with strength and style in mind. Its defining feature are the robust, heavy black legs, which not only provide a solid foundation but also contribute to the sofa's lasting durability. The versatile Lavo collection offers an extensive range of colours and textures, allowing you to effortlessly tailor each space to your unique style. Whether you choose a soft fabric or a bold colour or design, Lavo enables you to create an atmosphere that your guests won't forget. Transform every area into an unforgettable place with Lavo's timeless appeal.

TEZO SERIES

The Tezo series offers versatility in style and upholstery. The 5-seat bent combination is airy and spacious yet compact and efficient and is designed to make the most of your bowling area. This series is distinguished by its sturdy, black steel frame which is extended at the seats ends. This little detail leaves room for personal belongings, giving the ability to re-tie your shoelaces or place the heavy ball while waiting. The seating surface and the comfortably upholstered backrest may differ in material or colour, giving the Tezo its very own character. Tezo effortlessly blends durability with modern, luxurious elegance - perfect for creating a unique and inviting atmosphere. The luscious Tezo series merges functionality and aesthetics in a most surprising way. The outer shell embraces the inner seat in such a subtle way, it seems enveloped. This design feature allows you to play with colours, designs and textures, creating a different look and feel with each astonishing combination.

| TABLE SERIES

Choose from four distinct options to find the one that uniquely matches your style. Each table features a beautiful black frame, available in both minimalistic and robust designs, with table tops crafted to have smooth, rounded edges for a perfect finishing touch. With twelve colour-styles to choose from, ranging from solid shades to a stunning Sienna Marble texture, you can create a look that's truly your own. It's no coincidence that the different frames match the ones in the seats and sofas. Create unity and balance in your concept while mesmerising your guests.
