

“Congratulations on your
25th Anniversary!”

BOWLTECH®

Throughout the years Hans Krol and the Bowltech Group have helped bring Kegel products to the European bowling community. This close relationship resulted in the creation of Kegel Europe, a partnership formed to bring bowling products to the continent in a more efficient and cost effective manner.

From everyone at Kegel, Congratulations Bowltech on your 25th Anniversary in the bowling business. We look forward to many more years serving bowling together.
